"Pick of the Valley Sale"
Ottawa Valley Hereford Club

Monday, October 10, 2011 at 1 pm
At Carp Agricultural Society,

Welcome

Greeting and welcome to the 2011 Edition of the Ottawa Valley Hereford Club's Pick of the Valley Sale. The sale committee has spent long hours amassing this tremendous set of cattle for your perusal and we are confident that as you study the catalogue, you will find something to interest you. Acting on advice of bidders and buyers from previous years, we have expanded the sale offering to include mature cows as well as a select group of young bulls. There are herd building bulls not only available through the sale ring, but on display for private treaty sale too. It's an exciting time to be part of the Hereford breed; whether you are an established breeder or just looking to start out in the breed, the cross section of cattle offered and their diversity in pedigree will ensure you find the animal to best fit your operation.

The beef industry experienced some positive turnaround in the last 12 months with strengthening of prices across all sectors as global demand increased and import restrictions began to be lifted. Notwithstanding the challenges faced by beef producers such as the strong Canadian dollar and rising and often volatile input prices, it is important to be mindful of the positives in our industry, and especially our breed.

As we have done in previous years, memberships to the Pick of the Valley will be sold throughout the fall and on sale day. Purchase a membership and you will be automatically entered for a chance to win one of the sale entries. Eligible animals are clearly indicated in your catalogue.

On behalf of the Ottawa Valley Hereford Club I want to thank the Sale Committee consisting of Sheila James, Brent Palsson and William Joynt for their tireless efforts in organizing this 4th Edition of the Pick of the Valley Sale.

We look forward to seeing you all on sale day.

Laura Cox, President
Ottawa Valley Hereford Club

Terms and Conditions

Terms

The terms of the sale are cash or cheque, payable at the sale location. The right of property shall not pass until after the settlement has been made; no invoicing on buyers in attendance unless previous arrangements have been made. Every animal sells to the highest bidder and in case of dispute, the auctioneer's decision is final. Announcements from the auction block will take precedence over the printed matter in sale catalogue. Current exchange rates will be announced sale day. All monies are in Canadian funds.

Breeders Guarantee

Each animal becomes the purchaser's risk immediately after the animal is sold. All animals in this sale will be sold under the terms and guarantees set forth by the Canadian Hereford Association with regard to health, freedom from defects and both reproductive and specific genetic unsoundness.

Liabilities

All persons attend the sale at their own risk. The Ottawa Valley Hereford Club directors and consignors assume no liability, legal or otherwise, for any accidents that occur.

Insurance

We strongly recommend that insurance is purchased for full value.

Certificate of Registry

Each animal will carry papers issued by the Canadian Hereford Association. A certificate of registry duly transferred will be furnished to the buyer for each animal after payment has been made.

Health

All animals in the sale have met all necessary health requirements.

Bids

Bidders unable to attend the sale may phone, wire or mail their bids and instructions to the consignors, auctioneer or sales staff. Bids must be received in sufficient time prior to the sale.

Errors

All announcements at sale time, written or oral, supersede any written material in the catalogue.

Here's a heifer that stands out in a crowd. Big and bold, she has cow power bred into her. Her Grand-dam is the infamous Maliboomer, the dam of Uncle Sam who now resides in Manitoba, and the reigning Beef-A-Rama Champion Bull Major Maker. Her sire Tailor Made is siring a truly impressive group of calves in his first year, and this is one opportunity to get in on the excitement.

This is a really hard heifer to part with. Envy 3Y is a maternal sister to Envy 1W who was Reserve Senior Heifer Calf at the '09 Royal and Reserve Senior Yearling at last years Royal. A maternal sister to her dam was also a class winner the past two years at the Royal. Let's not over look her sire, the \$80,000 Tailor Made. This is one of the first Tailor Made calves to sell and one of the few in existence in Ontario. Envy is straight in her lines, deep ribbed and fancy. Own her, and you'll be the envy of all your friends.

Trillium is a great brood cow with lots of future, she is a great Mother and loves her babies. Several years ago we used The Rock bull with great success, Trillium is one of those resulting females. This year Trillium had an amazing bull calf by NBG 69T The Wonderer 36R ET 3W called NBG 3W Vagabond 4T 2Y, each time out to date he has been grand champion bull. We thought that this was such a tremendous mating that we bred her back to The Wonderer on March 30th for a January 7th 2012 calf.

If I weren't looking to downsize in order to pay for school, Trillium would not be leaving the farm. Trillium has been a consistent producer for us over the past few years. As a two year old Trillium was named Champion Female at the Renfrew MOE show. Her full brother was Reserve Intermediate Bull Calf Champion at the 2008 Royal and is now working for the Kimmetts. Trillium is an easy keeping, moderate framed young cow. She weaned a steer calf this year. She sells bred on March 25th to FORC 29F Boomer 18L for an early January baby.

5R is a cow we bought as a bred yearling from the Leahy family at Lakefield. She is a heifer machine, having raised 4 good ones in a row. We are retaining her 2011 calf by Global. At 6 years of age, 5R remains sound in her structure and is one of the best milking cows we have. Visit our website for updated photos www.doublehcattlecompany.com Observed bred May 8 to Palsson Xclamation Point; pasture exposed until Aug 1.

Palsson CH 953T Howitzer 210Y

D.O.B. Feb 10 2011 Birth Weight 88 lbs

This calf has been a stand out since he hit the ground. Unassisted out of a beautiful first calf heifer he showed his extra dimension and muscle pattern from day one. His dam has done an outstanding job feeding this guy while maintaining her condition. Howitzer and his mom will be the cornerstone of our show string this fall. The special combination of calving ease and growth from Tortuga 953T and reared by a picture perfect 2 year old make this guy a must have. Terms to be announced

A photograph of a cow standing in a forest. The cow is the central focus, facing the camera. It has a white face with a small brown spot on its forehead, and a white patch on its chest. The rest of its body is a dark reddish-brown color. The cow is standing on a ground covered with fallen yellow and orange leaves. To the left of the cow, there are several birch trees with their characteristic white bark and black lenticels. The background is a dense forest with trees showing autumn foliage in shades of yellow, orange, and green. The lighting is bright, suggesting a sunny day.
