AAA Reg. 13928230

Buxon Maid Gal 132

This power cow, who goes back to the same famous cow family as 6807 is the "real deal." No matter who she is flushed to, her progeny are performing like all-stars and making their mark in cowherds across the states!

In these times of uncertainty, why not stick with proven and predictable genetics?

Trowbridge Crusader 614

We are a proud partner in Crusader and have been really pleased with the low birth weight, fancy calves he has been throwing.

We confidently recommend his service on first call heifers or mature cows. He is an 8180 out of a full sister to BC Matrix.
